RUBYGEMS

"RUBY CPAN"

RubyGems.org | your community gem host

RubyGems.org
your community gem host

679,858,828 downloads
of 39,954 gems out since July 2009

Welcome to your community RubyGem host.
Find your gems easier, publish them faster, and have fun doing it.

LEARN

- Install RubyGems 1.8.24
- Browse the Guides
- Gem Specification

SHARE

- gem update --system
- gem build foo.gemspec
- gem push foo-1.0.0.gem

RubyGems.org is the Ruby community's gem hosting service. Instantly publish your gems and install them. Use the API to interact and find out more information about available gems. Become a contributor and enhance the site with your own changes.

dante Turn any process into a demon. Show more	oj The fastest JSON parser and object serializer. Show more	headless Headless is a Ruby interface for Xvfb. It allows you to create a headless display straight from Ruby code, hiding some low-level action. Show more	public_activity Smooth activity tracking for your ActiveRecord models. Provides Activity model with details about actions performed by your users, like adding comments, responding etc. Show more	jackpot Billing for rack apps Show more
